

SES (ENGINEERING SERVICES) EQUALITY, DIVERSITY AND INCLUSION POLICY

Wates Group is a family-owned Construction, Development, House Building, Property Maintenance, Building Services, Facilities Management and Managed Workspace business. As a leader in our chosen markets, our objective is to deliver excellent products and services to our customers safely, professionally and consistently.

We are committed to ensuring that every individual is treated with fairness and respect and has access to equal opportunities, regardless of who they are. Our people come from a range of cultures and backgrounds and we believe this diversity makes us a successful business. Attracting, recruiting, developing and retaining the best people is a key objective and therefore we are committed to promoting equal opportunities and to providing a culture where people are treated with respect and dignity in line with our

Guiding Framework

Our commitment is to comply with all relevant legislation including the Equality Act 2010 and good practice.

No individual will be discriminated against on the grounds of any protected characteristics. This includes, but not exclusively, discrimination because of age, disability, gender reassignment, marital or civil partner status, pregnancy or maternity, race, sex, religion or belief or sexual orientation.

We actively encourage and work with our supply chain to adopt similar policies in their own businesses.

Every employee or job applicant is treated fairly. We ensure our processes; written documents and decisions reflect this. The views of all employees are important to us and we actively seek feedback across a range of issues and put in place actions for improvement. Everyone should feel valued and respected whilst working for Wates.

We encourage individuals to pursue their own destiny and create a mind-set of opportunity irrespective of background. We have an environment where employees believing they are subjected to discrimination, victimisation or harassment are safe to raise concerns. Clear processes are in place for dealing with such concerns and these are addressed in an efficient and timely manner.

We value individual differences and the breadth of contribution this brings. We actively promote equality, diversity and inclusion across teams to ensure we deliver the best solution for our people, our customers and the business. We ensure that all employees understand and recognise the value of a diverse and inclusive workforce.

Equality, diversity and inclusion are promoted across everything we do. We regularly monitor our performance in this area and take steps to improve. In addition, we audit and benchmark our performance against other organisations and independent external bodies. Through our engagement externally, we actively participate in campaigns and initiatives to promote the principles of equality, diversity and inclusion across our sector and wider businesses.

We have a culture of inclusion where everyone has the opportunity to develop in a way that is consistent with our vision and values. We aim to ensure everyone working with us whether employees, supply chain or wider stakeholders feel involved, respected and part of the success of the business. This extends to those organisations with which we have formal partnerships.

This policy statement is an integral part of Wates Operating Framework. This includes our Code of

Conduct, Wates Professional Standards, including, but not exclusively, recruitment, disciplinary, learning and development and supply chain appointment together with our Rules and Guidance.

The Executive Committee has overall responsibility for ensuring this policy is complied with and will review it at least once a year, and at such other times as may be required, to ensure it remains relevant and appropriate to the aims and objectives of our business.

For and on behalf of the Executive Committee

DAVID ALLEN

Chief Executive, October 2021
